About Us

At Taewoo Limited, we are a contemporary engineering construction services company dedicated to delivering excellence in every project we undertake. With a strong focus on innovation, quality, and customer satisfaction, we have established ourselves as a trusted partner in the industry.

Driven by a passion for engineering and a commitment to superior craftsmanship, Taewoo Limited has been at the forefront of the construction sector for over a decade. We pride ourselves on our ability to provide comprehensive solutions that meet the evolving needs of our clients, enabling them to achieve their vision and exceed their goals.

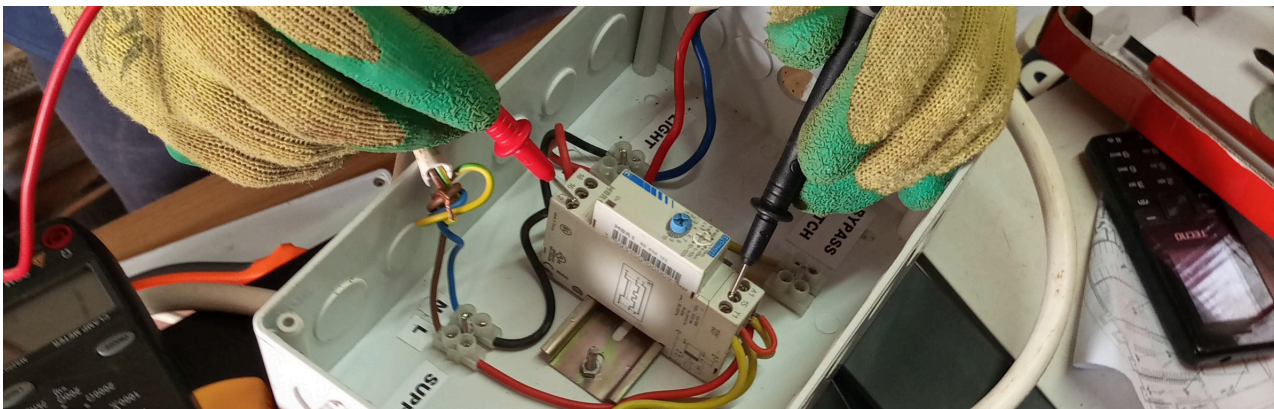

Our team of experienced professionals brings together expertise from various fields, including engineering, design, project management, and technology. This multidisciplinary approach allows us to tackle complex projects with efficiency, precision, and a keen attention to detail.

We believe in fostering strong and long-lasting relationships with our clients, built on trust, integrity, and transparent communication. By truly understanding their requirements and objectives, we can tailor our services to deliver customized solutions that are cost-effective, sustainable, and of the highest quality.

As a socially responsible company, we are committed to environmental sustainability and safety. We adhere to strict safety protocols and implement environmentally friendly practices throughout our operations, minimizing our ecological footprint while ensuring the well-being of our employees, stakeholders, and the communities we serve.

Taewoo Limited takes pride in its track record of successfully completing projects of varying scales and complexities. From MEP building services to airfield instruments and runway lighting, road and building construction to facility management, power systems to industrial control, and electronics development, our diverse range of services showcases our versatility and expertise across multiple sectors.

With a forward-thinking approach and a dedication to continuous improvement, we strive to be industry leaders, driving innovation and setting new benchmarks in engineering construction services. Taewoo Limited is your trusted partner for all your construction needs, committed to delivering exceptional results that exceed expectations.

OUR VISION

To be West Africa's most trusted and innovative engineering services provider, recognized for technical excellence, reliability, and transformative impact on infrastructure development.

OUR MISSION

01

To deliver world-class engineering solutions that create lasting value for our clients, while maintaining the highest standards of quality, safety, and environmental responsibility.

02

We commit to delivering reliable engineering solutions that prioritize safety, efficiency, and long-term operational value.

03

We commit to executing every project with integrity, technical precision, and respect for client requirements.

04

We commit to continuous improvement through innovation, teamwork, and responsible engineering practices.

The background image shows a row of industrial electrical cabinets, likely ABB MNS series, with one cabinet door open revealing internal copper busbars. A semi-transparent red rectangle is overlaid on the lower half of the image, serving as a backdrop for the text.

Our Core Values

OUR CORE VALUES DEFINE HOW WE WORK, GUIDE OUR DECISIONS, AND SHAPE OUR COMMITMENT TO DELIVERING QUALITY ENGINEERING SOLUTIONS WITH INTEGRITY, PROFESSIONALISM, AND RESPONSIBILITY.

01

SERVICE

We are committed to delivering engineering solutions that put our clients' needs first.

02

TRUST

We build confidence through consistent quality, reliability, and accountability.

03

RELATIONSHIP

We value long-term partnerships that strengthen communities and businesses.

04

INTEGRITY

We uphold the highest ethical standards in every interaction and project delivery.

05

VALUE

We maximize client investment by ensuring efficiency, safety, and sustainability.

06

EXCELLENCE

We pursue the highest standards, delivering projects that endure and inspire.

Our Core Services

MECHANICAL, ELECTRICAL, AND PLUMBING (MEP) SERVICES

At Taewoo Limited, we offer comprehensive Mechanical, Electrical, and Plumbing (MEP) building services for both commercial and industrial projects. We understand that efficient MEP systems are essential for the functionality, comfort, and sustainability of any building.

Our experienced team of MEP engineers, designers, and technicians work closely with clients to develop tailored solutions that meet their specific requirements. From the design and installation of HVAC systems, electrical wiring, lighting, fire protection, and plumbing systems to energy management and sustainability initiatives, we strive to deliver cost-effective and efficient MEP solutions that optimize building performance.

We combine cutting-edge technology, industry best practices, and our deep knowledge of local regulations and codes to ensure compliance, safety, and reliability in every project. Our commitment to quality and attention to detail guarantee that MEP systems are seamlessly integrated into the building's infrastructure, resulting in optimal functionality and energy efficiency.

Whether it's a commercial office building, a residential complex, a healthcare facility, or an industrial plant, Taewoo Limited has the expertise and experience to deliver MEP building services of the highest caliber. We are dedicated to enhancing occupant comfort, promoting energy conservation, and creating sustainable environments that align with our clients' goals and aspirations.

FACILITY MANAGEMENT

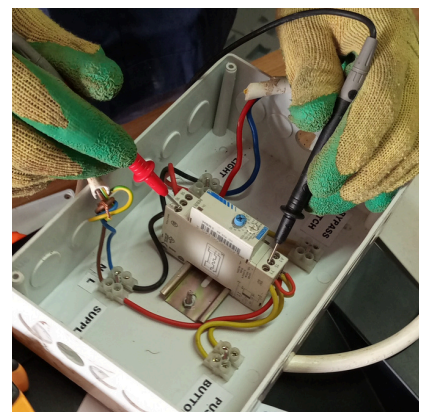

Taewoo Limited offers comprehensive facility management services, helping clients optimize the performance, efficiency, and lifespan of their built environments. Our holistic approach to facility management ensures that all aspects of building operations and maintenance are seamlessly integrated to create safe, sustainable, and functional spaces.

Our team of facility management professionals possesses a diverse skill set and deep industry knowledge. We provide a wide range of services, including preventive and reactive maintenance, energy management, asset tracking, space planning, security systems, and environmental sustainability initiatives.

We understand that each facility is unique, with its own set of challenges and requirements. Therefore, we collaborate closely with clients to develop customized facility management strategies that align with their goals and objectives. Our proactive approach focuses on maximizing asset lifespan, minimizing downtime, reducing operational costs, and enhancing occupant satisfaction.

Through advanced technologies, data-driven analytics, and industry best practices, we optimize facility performance, improve energy efficiency, and ensure compliance with regulatory standards. Our 24/7 monitoring and responsive maintenance services guarantee that facilities are operating at their peak performance levels, minimizing disruptions and providing a safe and comfortable environment for occupants.

With Taewoo Limited as your facility management partner, you can expect a comprehensive and proactive approach to maintaining and enhancing your built environment. We are dedicated to delivering exceptional facility management solutions that optimize resources, extend the life of assets, and create sustainable spaces for businesses to thrive.

AIRFIELD LIGHTING SOLUTIONS

At Taewoo Limited, we specialize in providing comprehensive solutions for Aeronautical Ground Lighting (AGL) and systems. We understand the critical role that lighting plays in ensuring the safe and efficient operation of airports and airfields. Our team of experts combines technical proficiency with industry best practices to deliver cutting-edge AGL systems tailored to the unique requirements of each project.

From precision approach path indicators to runway edge lights, taxiway lighting to apron floodlights, our AGL solutions are designed to enhance visibility, improve aircraft navigation, and ensure compliance with international aviation standards. We leverage advanced technologies and innovative design methodologies to optimize energy efficiency, minimize maintenance costs, and maximize the lifespan of the lighting infrastructure.

With an unwavering commitment to quality and safety, we adhere to rigorous testing and inspection protocols, ensuring that our AGL systems meet the highest industry standards. Our experienced technicians and engineers possess a deep understanding of airport operations and regulations, allowing us to provide seamless integration and reliable performance.

Our strategic alliance with ATG Airports UK Ltd, (manufacturers of runway lighting equipment) and systems interface UK Ltd (Integrators of airside equipment) ensures prompt and high-quality airport systems.

Whether it's a greenfield airport project, an upgrade to existing AGL systems, or maintenance and support services, Taewoo Limited is your trusted partner. We bring expertise, reliability, and a passion for excellence to every AGL project, ensuring that airports and airfields around the world are equipped with state-of-the-art lighting systems for enhanced safety and efficiency.

QUALITY POLICY AND OBJECTIVES

Quality Policy

At Taewoo Limited, we are committed to delivering reliable MEP, Airfield Lighting, and Facility Management services that meet client expectations and applicable standards. We ensure all activities are professionally planned, executed, and monitored in compliance with industry regulations, technical specifications, and best practices.

Our quality management approach focuses on skilled personnel, efficient processes, continuous improvement, and consistent service delivery across all operational areas.

Quality Objectives

- Deliver services that meet approved specifications and client requirements
- Ensure compliance with applicable engineering and operational standards
- Implement effective quality control and inspection procedures
- Continuously improve service processes and operational performance
- Promote quality awareness and accountability across all teams

OCCUPATIONAL HEALTH AND SAFETY POLICY AND OBJECTIVES

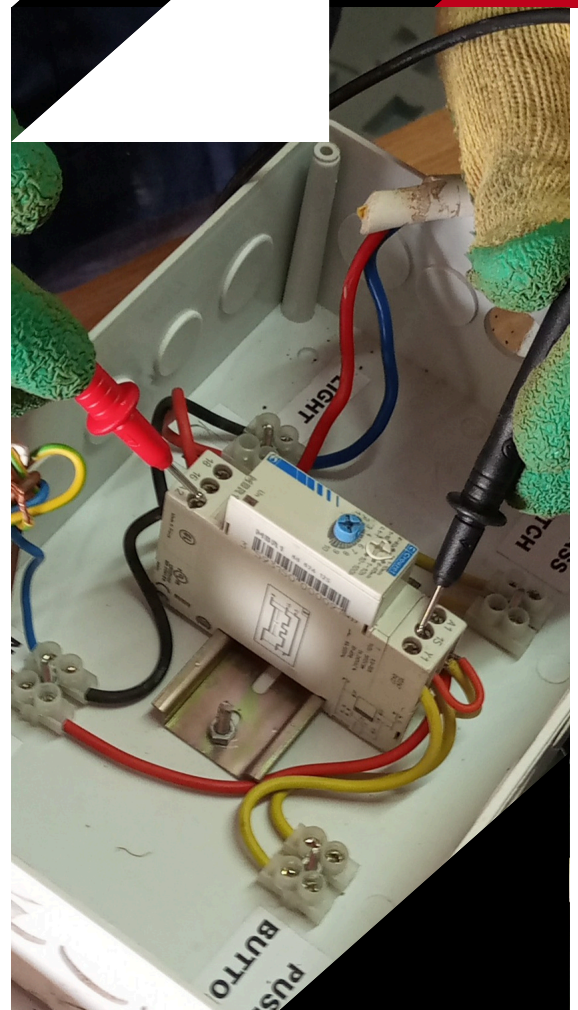

Occupational Health and Safety Policy

Taewoo Limited is committed to providing a safe and healthy working environment across its MEP, Airfield Lighting, and Facility Management operations. We prioritize the prevention of workplace incidents, injuries, and health risks through proactive safety planning and strict compliance with health and safety regulations.

Safety is integrated into all operational activities, and every employee and contractor is responsible for maintaining safe work practices.

Occupational Health and Safety Objectives

- Identify and control workplace hazards to reduce operational risks
- Ensure compliance with occupational health and safety regulations
- Provide regular safety training and awareness for personnel
- Promote the consistent use of appropriate safety equipment
- Foster a strong safety culture through monitoring and improvement

Management Team

ENGR. 'NIYI O. TAIWO
Managing Director

Niyi, COREN registered, is an accomplished manager of men and resources in engineering construction services. Niyi holds a degree in Electrical Engineering from the University of Toulon, FRANCE. With a strong background as a Project Manager of high-valued projects, Niyi has led notable projects in building services and airfield lighting. His accomplishments include the Ajaokuta Steel Works administrative building, the national ID card project across multiple Nigerian states and several airfield lighting for SPDC, etc. Niyi played a vital role in the design of the Forcados fixed-wing runway airfield lighting system. As the Managing Director of Taewoo Limited, 'Niyi has continued to demonstrate exceptional leadership, overseeing remarkable projects such as the NPDC Head Office Benin, the NLNG Head Office Port Harcourt, and the complete rehabilitation of the Asaba Airfield Lighting. With his vast experience, unwavering commitment to excellence, and a proven track record, 'Niyi is highly valued by our shareholders.

ENGR. 'BUKOLA KEHINDE MNSE
Project Manager

Bukola holds a degree in Electrical Engineering from the University of Ibadan, COREN and NEMSA certifications and is a member of the Nigerian Society of Engineers and the Nigerian Institute of Electrical and Electronics Engineering. At Taewoo, Bukola has successfully managed the NPDC Head Office Benin, the NLNG Head Office Port Harcourt, and Asaba Airfield Lighting Rehabilitation. With training in Electrical Building Services Design and proficiency in MS Project and AutoCAD Electrical, Bukola possesses a versatile skill set. His commitment to excellence ensures successful project delivery in our MEP offering.

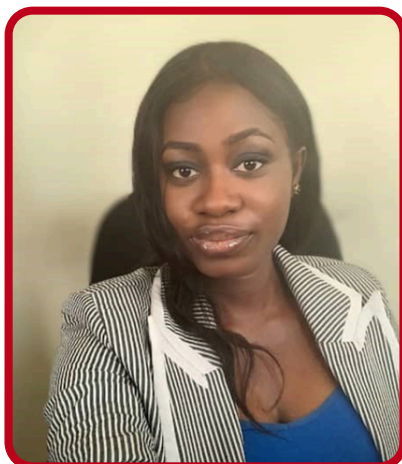

IYIOLA TAIWO FOLAKE
HR/ADMIN Manager

Folake is an experienced HR Manager with a Master's degree from Aberdeen University, UK, and B. Tech degree from Ladoke Akintola University, Ogbomosho. She training in HR Data analytics, Compensation & Benefits etc. Her skills span personnel management, office administration, performance management, and employee training. Also, the coordinator of ISO 9001:2015 quality management systems (QMS):

NIYI M. TAIWO
Business Development Manager

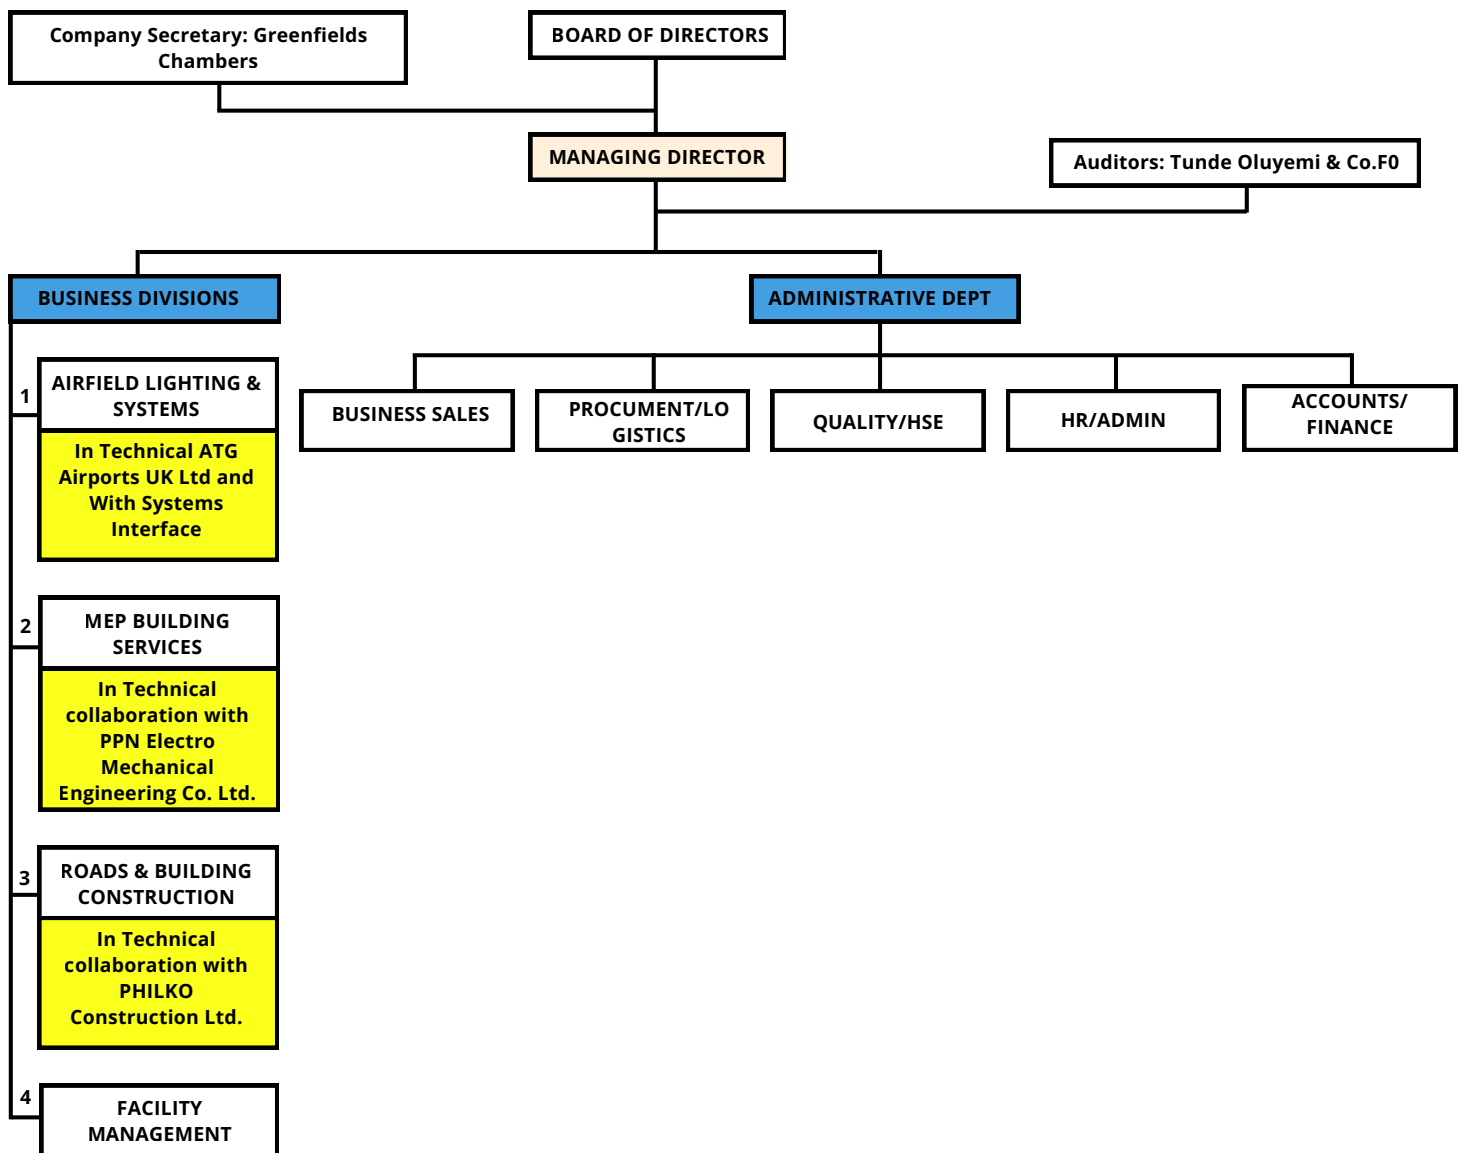

Niyi is a capable professional experienced in understanding complex client needs and delivering technically oriented solutions. With a real estate background from the Federal University of Technology Akure, he excels in presenting, planning, and driving change. Holding certifications in HSE, Data analytics, and Project Management, he is a valuable asset to the company. A recent MBA graduate in business Administration from the University of Canada West, Canada.

ENGR. KEHINDE OYEBODE GMNSE
Procuments/Logistics Manager

Kehinde, a graduate member of the Nigeria Society of Engineers (NSE) Ikeja Branch and a member of the Nigerian Institution of Electrical and Electronics Engineer (NIEEEE), holds a background in computer engineering and an MSc in Information Technology from the University of Aberdeen. With a wealth of engineering experience, expertise in project management and training in contract management. Kehinde effectively oversees the company's sourcing and supply chain management.

Company Structure

Why Choose Us

OUR APPROACH COMBINES EXPERTISE, QUALITY, AND RELIABILITY, GUIDING HOW WE DELIVER TRUSTED ENGINEERING SOLUTIONS THAT MEET CLIENT NEEDS, INDUSTRY STANDARDS, AND LONG-TERM PERFORMANCE EXPECTATIONS.

01

TRUSTED ENGINEERING

We are a dependable partner, delivering engineering solutions that clients can trust for performance, safety, and long-term value.

02

QUALITY WITHOUT COMPROMISE

Every service we deliver is guided by strict quality and safety standards, ensuring consistent results across all projects.

03

STANDARDS-DRIVEN EXECUTION

Our work aligns with recognized industry standards and regulatory requirements, giving clients confidence in compliance and reliability.

04

SKILLED AND DEDICATED TEAM

Our experienced professionals combine technical expertise with a strong work ethic to deliver excellence at every stage.

05

CONSISTENT PROJECT DRIVERY

We prioritize efficiency, clear communication, and timely execution to ensure smooth project delivery and client satisfaction.

06

CLIENT-CENTRIC SOLUTIONS

We tailor our services to meet client needs, focusing on practical solutions that support operational efficiency and business growth.
